

## Socially Distanced Games Night In Guidance

With government guidance about the pandemic constantly changing, we appreciate it can be difficult keeping up to speed with what you can and can't do as well as how to stay safe that's where we can help!

It is important to check the rules for your area. Social distancing rules may change again so, closer to your event, please check [Government guidance](#) as well as any rules determined by the Governments of [Scotland](#), [Wales](#) and [Northern Ireland](#) where applicable for updates.

With the relaxation of mandatory measures and different guidance between the UK nations on issues like mask wearing, we are openly encouraging members of the public to help protect those who are clinically extremely vulnerable in their community by continuing to wear masks in crowded places, in shops and on public transport, and by observing social distancing.

[Face coverings](#) can help us protect each other and reduce the spread of the disease if you are in an enclosed space where social distancing is difficult and where you will come into contact with people you do not normally meet.

You should avoid physically exchanging items like money wherever possible. It's important for you and your guests to maintain good sanitisation practices. This includes regularly washing hands for 20 seconds using hand sanitizer where soap and water isn't available.

For more guidance and support, please visit the UK Government's coronavirus [website](#) and for information about what you can expect from Macmillan as one of our valued supporters, please see our [Supporter Promise](#).
